

**Welcome to
115:TH DISTANCE RACE**

Saturday

Vaxholm Beach Sprint

Federation championship in rigged four

Waxholm Archipelago Race

Swedish Coastal Rowing Championships Endurance C2XMix

The short distance

Sunday

Swedish Coastal Rowing Championships C1X and C2X

Open for all nations

Swedish Championship medal only for participants with Swedish competition license

Competition date: 2025-08-30/31

Competition venue: All competitions take place in Vaxholm

Application deadline: 2025-08-18

Vaxholms Rowing Association invites you to two wonderful competition days in Vaxholm. The various competitions are designed so that youth rowers to masters rowers can compete based on their skills and ambitions. The days include thrilling competitions, individual challenges and festivities. We plan for good fairness so that the experience is as good as possible when you visit the archipelago's capital Vaxholm. All races are open to all nations, Swedish Championship medals are only awarded to participants with a Swedish competition license.

- Vaxholm Beach Sprint is carried out in the competition classes C1X H and D as well as C2X mix Senior and Junior A. The organizer provides boats for the competition, no own boats may be used.
- The distance race as well as the national championship in rigged four is the original competition and the 115th in the order. Competition classes Men, Women and Mix (50/50). The course is 14km with start and finish at Vaxholms Rowing Association.
- Waxholm Archipelago Race (WAR), is decided in coastal rowing boats. The course is the same as the distance race 14km.
- The short distance is the competition for everyone from beginners to experienced rowers or canoeists. You can compete alone or with your friends in rowing boats or canoes of your choice. No winners are chosen, timing takes place and prizes are raffled off to the participants. The track is about 2km long.
- The Swedish Coastal Rowing Endurance Championships are held in the classes C1X (H/D), C2X (H/D/mix). The C2Xmix class is carried out on a 14000m long course together with Distanskapprodden and WAR. The classes C1X H/D and C2X H/D are decided on a 5.5km long track.

14	11:45	Swedish Championships in Coastal Rowing Endurance	Coastal shingle	C1XD	5500

Competition rules

The Swedish Rowing Federation's competition rules are followed. We apply extra competition regulations (races 5-8) for increased safety, each competitor must have access to a personal life jacket and tow line. This safety equipment is mandatory for all starters in Kustrodd's SM Endurance.

In case of more than 16 starting boats in a class at Vaxholm Beach Sprint, alternative qualification procedure will be applied after the Time-Trial. If 17 starters meet, the 16th and 17th times from the Time-Trial meet and the winner goes to the knockout. If 18 starters are selected, the 15th and 18th times as well as the 16th and 17th times meet and the winners go to the knockouts. 19 starters meet 14-19, 15-18, 16-17 winners to knockout, etc.

Registration (latest: 2025-08-18)

Distance Race and Waxholm AR

Vaxholm Beach Sprint

You pre-book the number of meals and any special diets for per.lundberg@lillsved.se the food is paid for on site.

Courses

Distance Rowing and WAR

Start and finish outside Vaxholm's rowing association. A distance of 14 kilometers.

The competition conditions are very challenging and exciting. The course goes over large open bays with crab lakes from winds and boat traffic and in a more protected archipelago. The course is very beautiful as it runs in the middle archipelago. Walks in a beautiful archipelago environment with sections of open water to more weather-protected parts.

The short distance

Start and finish are at VRF's rowing house. The course stretches around Tallaröfjärden and is about 2 km. The course is relatively weather-protected in terms of wind and waves. The course is challenging as it contains turns and rounds of a number of islands on the bay.

Vaxholm Beach Sprint

Held on the beach at Eriksö about 300 m from Vaxholms Rowing Association. The course is 210 m long and contains buoys that must be passed in a slalom pattern. Start and finish on land via an approximately 30 meter long running distance.

Swedish Coastal Rowing Endurance Championships

The competition is carried out on two tracks, the class C2Xmix is carried out on the 14 km course. The classes C1X H/D and C2X H/D are decided on a 5.5km long course that stretches across Tallaröfjärden outside Vaxholms RF's boathouse and southern Vaxholmsfjärden. The line passes under the Pålsund Bridge and contains sections that are exposed to wind and waves from mainly boat traffic from the fairway to Stockholm. Finish outside Vaxholms RF's boathouse.
